OMNI's mission is to partner with parents and the community to provide innovative transformational behavioral and educational support services to children, adolescents, and young adults that create pathways to successful and healthy behaviors throughout life. OMNI Youth Services serves thousands of individuals annually in over 25 communities throughout Chicago's northwest suburbs. Services include counseling, 24-hour crisis intervention, substance abuse prevention and recovery, mentoring, family strengthening, juvenile justice services, youth development and community outreach services.

What is OMNI Youth Services Journey Therapy Adventure Program?

Journey is OMNI's internationally recognized wilderness therapy program. During a Journey experience, the wilderness confronts youth and families with the natural consequences of their good and bad decisions. Kids learn to work with others, gain leadership skills, develop trust, take appropriate risks, increase self-esteem and build countless lifelong skills. Through Journey, youth work through issues and make meaningful changes to their lives and futures.
